High School Grading and GPA Calculation

Course Final Grade Calculation:

The transcript and GPA calculation are based on a final grade for each course. Final grades are calculated from the following:

- First Quarter – 20%
- Second Quarter – 20%
- Mid-year exam grade – 10%
- Third Quarter – 20%
- Fourth Quarter – 20%
- Final Exam Grade – 10%

Grading Scale:

Elijah Academy quality points are assigned by the final course letter grade per the scale below. If the student takes an outside class, the letter grade provided by the instructor will be applied regardless of the scale for parent-taught courses.

98-100	A+	(4.3)
93-97	A	(4.0)

Weighted Grades (for GPA purposes only):

The following weights will be added to courses recognized for their rigor:

Approved Honors Course – add 0.5 to quality points

Advanced Level Courses (AP, IB, College Dual Enrollment) – add 1.0 to quality points

Grade Point Average Calculation:

Each course is assigned a number of Grade Points based on the following formula:

$$\text{Grade Points} = (\text{Quality Points Earned, include weighting}) * (\text{Course Credit Hours})$$

To calculate the Grade Point Average for any period of time (yearly or to-date), divide the sum of the total Grade Points earned for all courses by the total Credit hours taken.

Transcripts:

Transcripts will be generated for EA students for time periods in which the family was a member of Elijah Academy. The transcript form lists personal information including

- Address, parents' names, birth date and social security number.
- All courses taken by the student along with designations for honors or advanced level.
- Final grade earned in each course
- Quality points earned for each year as well as the yearly GPA.
- Cumulative Grade Point Average.

Transcripts can be requested with the Transcript request form.
